

SHORT SESSION
 OF COUNCIL
 LAST MONDAY

Close Deal For Broughton
 Park Site—Councillor F.O.
 McLean Tenders Resignation
 but Later Cancels it

The council met in short session for
 their regular meeting last Monday
 before the ratemakers' meeting. Mayor
 Bott was in the chair and the following
 members present: Councillors
 McLean, Broughton, Lavelle, Lydiatt
 and Howard.

On motion of Councilor Lavelle and
 Broughton the mayor and secretary
 were authorized to execute the agree-
 ment between the town and the Brick
 & Coal Company regarding the pur-
 chase of land in Broughton Park.
 Applications were read from a num-
 ber of people asking permission to
 purchase some lots which have re-
 verted to the town at tax sales in the
 past, and offering the upset price.
 The secretary was instructed to se-
 cure the necessary permission from
 the department of municipalities, and
 if same were forthcoming the council
 agreed to accept the several offers.
 A letter was read from Lavelle
 Blackstock on behalf of his client, F.
 McCormack, giving an itemized state-
 ment of damages claimed to have been
 done by water from the town mains.
 The bill amounted to \$124.00. The
 matter was referred to the water com-
 mittee.

On motion of Councilors Lavelle
 and Broughton, Geo. J. Broughton was
 authorized to purchase the necessary
 tools for the town work.

Councilor F. O. McLean, who has
 still another year to serve on the
 council, tendered his resignation, same
 to take effect at the end of the year.

Mayor Bott expressed the hope that
 Councilor McLean might withdraw
 his resignation, as he was a valued
 member and was well fitted to repre-
 sent the labor unions on the council.

Councilor Lydiatt thought Mr. Mc-
 Lean might reconsider the matter.
 He pointed out that at the end of the
 year three of the present council
 might not be returned and he thought
 it advisable to have as many as pos-
 sible of the present council represented
 on the board next year, as they
 were familiar with the business trans-
 acted during the year. Other mem-
 bers of the council expressed similar
 views and Councilor McLean was fi-
 nally prevailed upon to withdraw his
 resignation.

Council then adjourned to attend
 the annual ratemakers' meeting.

Premier's Statement

Re Conscription

The prime minister, having re-
 ceived communications from many
 parts of the country respecting dif-
 ficulties which have arisen by reason
 of inconsistent decisions of tribunals
 in dealing with exemptions has issued
 a long letter to the public in which he
 goes fully into the intention of the
 Military Service Act, and more es-
 pecially as it applies to farmers and
 farm help. After dealing with other
 matters the premier says:

"The purpose of the Military Ser-
 vice Act is to provide the needed re-
 inforcements by means of a selected
 draft; and it was the intention of par-
 liament that those who could serve
 their country more usefully and effec-
 tively by continuing in essential voca-
 tions in which they were engaged should
 continue there, and should be exempt
 from military service. This inten-
 tion was not founded upon considera-
 tion for the individual as such, but in
 furtherance of the paramount national
 interest. The instructions issued to the
 tribunals emphasized the importance
 of production, and especially the
 production of food and munitions.

"From reports received by the
 prime minister it appears that in
 some instances tribunals have refused
 exemptions where the circumstances
 distinctly required that it should be
 granted; as for example, in cases
 where exemption has been refused to
 men long engaged in agricultural pro-
 duction, without whose labor such pro-
 duction would not be conducted.

"In these cases, it is remedied by
 appeal, the procedure for which is of
 the simplest character. A letter to
 the registrar of the province is suf-
 ficient and the applicant need not en-
 gauge the services of a lawyer."

The registrar in this province may
 be addressed as follows:

The Registrar, under the Military
 Service Act, Calgary.

In summing up the premier says:
 "Finally, to ensure consistency of
 decisions and the impartial administra-
 tion of the act throughout the Dis-
 trict, and to afford the greatest possi-
 ble protection to the national inter-
 est, an appeal is provided to the cen-
 tral tribunal at Ottawa, consisting of
 Mr. Justice Duff, central appeal judge,
 who has power to secure the appoint-
 ment of other judges of any superior
 court to assist him in the discharge of
 his duty in the various parts of the
 Dominion. It is the intention of the
 government to enforce appeals of its
 own, both to the central appeal judge,
 and to assist in the lodging of such
 appeals by any person who has just
 ground of complaint, so that there
 may be uniformity of decision in the
 application of the act throughout Can-
 ada."

"The attention of those who are in-
 cluded within class 1 is directed to the
 importance of the category within
 which they have been classed upon
 their medical examination. It is only
 men who have been included in cat-
 egory A who can be called out for ac-
 tive service in the trenches. The need
 at present is for drafts to serve at
 the front. As men coming in the
 categories B, C, D, E, are not consid-
 ered suitable for this service there is
 no likelihood of their being drafted.
 The last service which they can give
 to the state is in Canada rather than
 at the front. This statement is con-
 sidered necessary as they may be un-
 intentionally misled by the form of
 certificate which states that they are
 exempt until men of their respective
 categories are required."

"The last preceding paragraph does
 not, of course, apply to defaulters,
 that is to say, contumacious persons
 who defy the law and who may be
 punished by civil or military process."

Rate Payers' Meeting
 Poorly Attended

The annual rate-payers' meeting,
 held last Monday night in the Em-
 press theatre, was very poorly attend-
 ed. There were only about twenty pres-
 ent, and the meeting was held in the
 outside of the members of the council
 and school board. Mayor Bott called
 the meeting to order and asked those
 present to elect a chairman. W. H.
 Hatcher was nominated and as there
 was no other nominations, he was de-
 clared elected. Mr. Hatcher took the
 chair and explained the object of the
 meeting, after which he called upon
 Mayor Bott to give a general outline
 of what had been done by the council
 during the past year. This was done
 by his worship, after which Councilor
 Howard, who is chairman of the fi-
 nance committee of the council, was
 called upon to explain the details of
 the financial statement, which was
 printed in the Review last week. Ap-
 parently his explanations were satis-
 factory to those present, as no one
 asked any questions in regard to it.

Mr. Wm. Riddell then took the floor
 and read the financial report of the
 Redcliff School District, and also a re-
 port from School Inspector Gorman.
 Inspector Gorman's report showed
 that the school was being conducted in
 a very satisfactory manner, and com-
 plimented the teaching staff upon the
 results obtained. After Mr. Riddell
 had completed the reading of the re-
 port several members of the board
 took the floor and defended the board
 against certain adverse criticisms by
 citizens who have children attending
 the school. Mayor Bott also took part
 in the discussion and advised parents
 who had grievances in connection with
 the school management or the teach-
 ing staff to take the matter direct to
 the board. This could be done at any
 regular meeting of the board, which
 are held on the first and third Thurs-
 day nights of the month, in the school
 building.

Mr. Albert Collard then arose and
 asked if the council was making any
 preparations for an increased water
 supply for the coming year. Councilor
 Lavelle, chairman of the water com-
 mittee of the council, answered
 him by stating that everything possi-
 ble was being done to this end and
 assured Mr. Collard that if the water
 did not go dry that the town would
 have plenty of water from now on.
 As there was nothing else brought
 up at the meeting the chairman asked
 all to rise and sing the national an-
 them. Mrs. Patterson playing the ac-
 companyment on the piano.

A nice new line of Xmas con-
 fectionery, fancy cakes, etc., will arrive
 at Mrs. Wilde's grocery store next
 week.

Deanery Conference
 In Medici Hall

The second annual meeting of the
 Diocese Association conference of the
 Women's Auxiliary of the rural dean-
 ery of Medicine Hat was held in St.
 Barnabas church and parish room on
 Friday, Nov. 23rd.

Delegates and friends were present
 from St. Barnabas and Holy Trinity,
 Medicine Hat; St. Ambrose, Redcliff,
 and St. Georges, Irvine, also the rural
 dean, Rev. A. E. Davis, Rev. A. M.
 Harding, Rev. Percy Jernold and Rev.
 C. Wright, who was the special
 preacher from all branches, and the

 dent, Mrs. Davis, Vice president, and
 Miss Gibson, secretary, were re-elected.
 The St. Barnabas branch of the Au-
 xiliary kindly provided the hospitality
 for the day. A lantern lecture on
 Japan was given in the evening.

Capt. Pearson Will
 Speak Here Dec. 6 th

There are three great outstanding
 needs in the war work of the Young
 Men's Christian Association in this
 First, the period when men leave

civilia life and go into barracks and
 form bad habits. This is the time
 when they will become accustomed to
 keeping in touch with home through
 letters, learning how to entertain
 themselves and be entertained with
 things—long letters are around the bar-
 racks. They must get used to having
 the army look for them and care for
 them. The Young Men's Christian
 Association realizes that in the new
 draft there will be a need practically
 as great as with the gathering of the
 first volunteers.

Capt. H. A. Pearson, who has been
 in the front in the interests of the Y.
 M. C. A. will address a meeting in the
 Amuse-U theatre here on the evening
 of Dec. 6th. Don't fail to hear him.

SMOKING CONCERT

A smoking concert will be held in
 the union governor's committee
 rooms, Crow's hall, next Mon-
 day evening, commencing at 8
 o'clock. The program will be a prom-
 pt program and short ad-
 dresses will be made. Every-
 body invited. The several com-
 mittees are especially requested to
 be present.

IN FLANDERS FIELDS

Two men were arguing. One claim-
 ed he had heard in Calgary the most
 stirring appeal for the Victory War
 Loan. The other said he had heard
 a better—in St. Boniface, P. Q. A
 third man, taking his cue from the
 first, said: "No, the best appeal for
 Victory Bonds doesn't come from
 their name. Listen!" and he read from
 a clipping the poem the poem by John
 Blake, of Montreal:

Between the crosses, row on row,
 That mark our place, and in the
 sky

The larks, still bravely singing,
 Fly
 Scarcely heard amid the guns below.

We are the dead; short days ago
 We lived, felt dawn, saw sunset glow,
 Loved and were loved, and now we lie
 In Flanders fields.

Take up our quarrel with the foe!
 To you from falling hands we throw
 The torch; be yours to hold it high!
 If ye break faith with us who die
 We shall not sleep, though you go
 In Flanders fields.

Lytton Wilde Dies From His
 Wounds Reported Last
 Week and Jack Walker is
 Reported Missing

With the fierce fighting which has
 been going on on the western front, the
 past few weeks, with the num-
 ber of men from this town and district
 now representing us on the several
 fronts, it is only natural to expect that
 lengthy casualty lists which have been
 published from day to day. We
 have been. Last Monday word from
 the military department brought the
 sad news that Lytton Wilde, youngest
 son of Mrs. Wilde, of this town, had
 made the supreme sacrifice, having
 died from wounds previously reported.
 The other casualty was that of Jack
 Walker, of Mrs. Walker, of the
 Box Springs district, who is reported
 missing.

Young Wilde was only 21 years
 of age when he was killed. He had
 been born here, having been born here,
 had been in Toronto working when war
 broke out and he had been in the
 ginner corps of that city. He has been
 at the front for nearly three years,
 and had been three times gassed. Last
 summer he was awarded the military
 medal for keeping the lines of com-
 munication open at great risk of los-
 ing his life. Lytton was a fine ex-
 ample of young manhood. Although only
 twenty-one years of age he was well
 developed and a strong healthy, fear-
 less lad. Besides his widowed mother
 he also leaves a sister, Mrs. Roy Aug-
 er, a brother, William, all of this
 district, to whom the sympathy of
 their many friends is extended in this
 terrible hour.

Private Jack Walker, who is men-
 tioned in Redcliff and surrounding district.
 He was among the first to come
 in here and for several years lived
 with his mother in the Box Springs
 district. His wife and two children
 are at present residing at Bowell.
 Walker was a veteran of the South
 African war. It is hoped that more
 favorable reports will be heard from
 him in the near future.

Mrs. Walker and Mrs. Wilde, moth-
 ers of the two men mentioned above
 are sisters.

THE GREATNESS OF THE ISSUE UNITES US

The leading men of both political parties in this constituency met in convention at Medicine Hat and decided to throw aside party issues, and party affiliations and to stand as one in lending every possible assistance to the union government, so that it might be better able to carry on the affairs of the country with an eye single to the successful carrying on of the terrible struggle for liberty and democracy, at least so far as this corner of the Empire is concerned. Since that time outside influences have crept in, and by placing their political party above their country and their Empire, have succeeded in bringing in men from outside the district to upset the plans of our own people by placing these outsiders in the field and thus throwing the constituency into the turmoil of a contest.

When the red blooded, loyal British subjects of this constituency expected to show to the rest of Canada that they were desirous of putting up a united front, by forgetting all party differences and uniting as one to strengthen the hands of a union government in order that Canada might, in her humble way, lend all possible assistance to the mother country, it is indeed discouraging to have all these plans upset by men from outside of the constituency. This circumstance should make our own people more determined to throw the harpoon harder than ever into these itinerant party leaders who foist themselves upon the unsuspecting public against their wishes.

Our own people saw from the start that the greatness of the issue should unite us and they at once proceeded to become united by placing in the field a union candidate who was acceptable to all, and whom all decided to support. Let us then, on the seventeenth of next month see to it that the Hon. A. L. Sifton, the union candidate, is elected by such a majority that it will show to the rest of Canada not only that we are in this war to a finish but also that we do not intend to be run by outside influences.

GIVEN A CHANCE

A few weeks ago, when registration under the military service act commenced, opposition papers and speakers pointed to the manner in which the young men of Quebec were flocking to the registration booths with pride. At that time we were told that Quebec was willing to do her share if only given a chance. Now, however, the cat is out of the bag, and the real reason of this rush is exposed. According to the act a man who refuses to register in the manner and in the time prescribed by law, is deprived of his vote. That it was so as not to be deprived of their vote which prompted the youth of Quebec to rush to the registration offices is now evident from the number of appeals being filed. In one city in that province 1,990 young men registered and in that same city on the same day there were 1,990 appeals for exemption.

This does not look as though Quebec was willing to do her share when given the chance.

UNION GOVERNMENT.

The people of Canada are now concentrated by the necessity of proceeding to elect members to represent them in the new parliament. There are the usual signs that the old party machinery is being overhauled and that the old party methods will be put into operation. What is the issue on which the present election is to turn? At Ottawa a new government has been formed, composed of the leading statesmen of both the usually opposing parties, and the object of the union is to insure efficient and wise administration of the country for the paramount purpose of "winning the war." The old issues are all in abeyance, there are no differences of opinion except as to the best methods to employ.

Under these circumstances it is in flat contradiction of this principle that contested elections should be held on party lines. The objects of both parties and of all the principal leaders is to prosecute the war vigorously. It would be a public misfortune if the same unanimity did not seem to prevail throughout the country.

Canada's good name will be brightened or tarnished next month. When the votes of her sons and daughters are counted the attention of the world will again be drawn to the Dominion. When the result of the voting is announced every country in the world will say, either that Canada is still in the circle of countries fighting for liberty, or that Canada is finished and is skulking from further battle shock. It is up to the voters to say which it will be.

The voters' list for Redcliff and district which is to be used for the forthcoming Dominion election is now almost completed. There are yet a few days in which names may be added if the applicants are properly qualified. Is your name on? If not see to it that it is put on. Then having done that see to it that you exert every ounce of energy you possess to make the vote at this poll on the 17th of next month, one that will tell to the world that the people of Redcliff and district are no quitters.

Next Monday will be nomination day to select candidates for the vacancies both on the town council and school board. In each case three members are to be elected besides the Mayor. It is hoped that in the heat of a federal general election the ratepayers will not overlook the important duty of selecting the best possible men to fill these positions.

Fighting at Moscow Is Now Serious

The fighting in Moscow between the Bolsheviks and troops of the provisional government has been far more serious than anything that has occurred in Petrograd, according to special dispatches received from the Russian capital. The Petrograd correspondent of the Daily Telegraph says he talked with a member of the Moscow city council who had come to appeal for help. He was besieged for four days in the council building from which he made his escape to the railroad station through the Bolshevik lines. He said the real fighting began on Nov. 10 when the Bolsheviks force seized a party of cadets, who, in their turn, were killed by the Bolsheviks. The revolutionists were again driven from the Kremlin.

A lot of men wait so long to make sure they are right, that they never get ahead.

Numerous Exemptions Are Being Allowed

According to the figures given by J. M. Carson, Registrar for Alberta under the Military Service Act, 78 per cent of the exemption claims so far passed on by the tribunals in this province have been allowed. The total number so far adjudged is 14,134; of these 11,111 have been allowed and 3,023 refused.

DO YOUR HENS PAY?

A convenient and simple form (to help tell whether the flock is paying or not) has been worked out by the poultry Division, Experimental Farm, Ottawa.

This form, which may be hung up in the poultry house or the kitchen, provides space for marking down each day the number of eggs laid. It also indicates space for recording the number of eggs and poultry sold or eaten, also space to note the feed bought or taken from the farm, and columns for entering cash receipts, expenditures and balances.

The form is a convenient place to keep your poultry account each month, and may be had on application to the poultry Division, Experimental Farm, Ottawa, free of cost, providing a duplicate copy is sent to the poultry Division each month.

If you want to know what your hens are doing write for them.

The problem of Canadians of military age in the United States and Americans of military age in Canada is dealt with in an order-in-council, which has received the sanction of the governor-general. It provides that either country may at any time by proclamation call for military service under its own colors, any class of its citizens or subjects residing in the other country. Furthermore, it is provided that "if any of the men called out by such proclamation do not, within a time, which shall be limited by such proclamation, return voluntarily to the country of their allegiance for the purpose of performing their military duties there, they shall be subject to deportation to that country, and that the laws, tribunals and officials of the country in which the men so called are, shall afford all reasonable sanction and assistance for the purpose of apprehending and compelling them to return accordingly."

Neigel Found Guilty of Murder

Adam Neigel, of the Scholier district, who has been on trial for the past two weeks before Judge Hyndman in Medicine Hat, charged with murdering his wife by putting strychnine into a glass of whiskey, was found guilty of the charge by a jury Tuesday night, after four hours' de-

liberation. Judge Hyndman sentenced Neigel to be hanged on Friday, March 22nd, 1917.

The trial started Nov. 13th, and lasted 12½ court days, including several night sessions. It has proved to be the longest murder trial in the history of Alberta.

Mrs. Neigel died on January 28th, 1917. Neigel was shaved under arrest, charged with murder, about a month later.

GET BEHIND THE CAUSE BEHIND THE MEN BEHIND THE GUNS

HEAR CAPT. H. A. PEARSON,

Who "Carried on" and Knows. He will address a meeting here on

Thursday, Dec. 6th, At 8 o'clock p. m.

Y. M. C. A. HUT CARING FOR THE WALKING WOUNDED.

Every man who can must get himself back, for there are always those so badly "done up" that they have to be carried.

The suffering the Y. M. C. A. will alleviate, the comfort and relief it will bring to men who are accomplishing the grimmest, hardest task ever given to men to perform, increases the value of the dollar a thousandtimes. No person out of khaki is too insignificant to help make the colossal task of the Y. M. C. A. Successful.

The letters to which you so fondly look forward, will be written on the Famous Red Triangle Paper of the Y. M. C. A., more than a million sheets of which are used each day.

That boy of yours or that friend, who once had civilized comforts around him, will rest his mud-encrusted, weary body and gain warmth, comfort, relaxation and inspiration in the Y. M. C. A. huts, erected on the snow-swept, shell pocked fields of France.

Capt. Pearson was for two years senior Y. M. C. A. Secretary in France. Come and hear how our boys live in France and how the Y. M. C. A. Serves. This is our work. Don't leave it to others to care for our boys.
